FROM

MAJOR C. T. C. PLOWDEN, I. A.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 9th July 1920

SIR,

I am directed to forward a copy of a letter No. 135-R., dated the 3rd June 1920, from the Government of India in the Foreign and Political Department, regarding sanitary precautions in connection with the visit to Mysore of His Royal Highness the Prince of Wales, and to request that the Durbar will be so good as to intimate by the 1st October 1920, what sanitary precautions they propose to adopt at Mysore.

I have the honour to be,
Sir,
Your most obedient servant,

FIRST ASSISTANT RESIDENT.

BJ

PP

Letter No. 155- dated the 3rd June 1920, from the Additional Deputy Secretary to the Government of India in the Foreign and Political Department, to the Hon'ble the Resident in Mysore.

---:0:---

It is very desirable that the places where His Royal Highness the Prince of Wales will stay during his forthcoming visit to Mysore should from now onwards be subjected to a very careful scrutiny in the way of sanitary precautions. The details of the measures necessary should be arranged in consultation with Brigadier General R. B. Worgan, D.S.O., who will shortly take over the duties of Military Secretary to His Royal Highness instead of General Wigram, and I am to request you to report not later than the 15th November 1920 that all possible precautions have been taken.

Subject.

Submitting proposals in regard to the Sanitary precautions needed at Mysore in connection with the visit of His Royal Highness the Prince of Wales.

P 10
24-7-20

-::Memorandum::-

In connection with the Sanitary arrangements at Government House, Mysore during the forthcoming visit of His Royal - Highness the Prince of Wales I beg to propose as follows:-

S t a f f. 1. A responsible Sanitary Officer, not below the grade of a Health Officer, will be in entire charge of the Sanitary arrangements under the general directions of the Private Secretary or the Huzur Secretary to His Highness the Maharaja. A special Officer is necessary as the attention of the Health Officer, Mysore City, will be fully occupied with the general sanitation in the City. The following staff will be placed under the special Sanitary Officer.

Two Sanitary Inspectors

20 Sweepers (10 men and 10 Women)

Four Maistries.

Only eight sweepers among the conservancy staff, 4 men and 4 women, need be provided with clean dress at Government cost.

Equipment.- 2. The conservancy equipment should consist of

Four hand carts

Four rubbish carts

Six new dust bins with lids.

Care of Milk Supply. 3. A permanent shed similar to the structures provided in front of the kitchen for hanging meat, should be added on, for milking cows. The accommodation - should be at least for 6 cows. The sides of the shed to be made fly-proof and the floor impervious by cement concrete instead of Cuddapa slabs, to prevent cows from slipping.

4. The present ice-cream factory is located in a room under a overhanging tree. The factory should be shifted to a more commodious room. The interior walls should be smooth. Corners and angles should be

AKR

12

rounded off as much as possible to prevent dust settling.

5. The special Sanitary Officer will personally supervise the milking operation and arrangements for proper storage of the milk.

Water Supply.- 6. The candles of the filters will be properly sterilised under his personal direction.

Articles of Food.- 7. He will carefully inspect all vegetables, game, fish, poultry and tinned provisions. Cooks and attendants in the kitchen should be required to frequently clean their hands first in a solution of permanganate of potash and then with soap.

S t a b l e s.- 8. It is desirable to keep the stables (for the transport ponies) vacant for a fortnight previous to the visit, so as to get throughly aired and dry.

Precautions against flies. 9. The stable litter is ~~not~~ at present being dumped in the compound and forms a fertile breeding ground for flies - The refuse should, immediately after collection every day be carted away to a safe distance beyond the Government House premises.

Fly papers (tangle foot) will be used freely in the whole building a week before the Royal visit and thereafter will continue to be used in the kitchen and the pantry.

Precautions against mosquitoes. 10. The Superintendent has been requested to arrange for emptying all water cisterns twice a week regularly and for preserving absolute water tidiness on the premises including kitchens and outhouses.

11. The two Sanitary Inspectors will commence work at least a week previous to the visit, carefully noting and suitably dealing with, all actual or potential breeding places of flies and mosquitoes.

Precautions against rats. 12. To secure freedom from rats and squirrels the Superintendent has been instructed personally with regard to rendering likely nooks and corners rodent-proof. Trapping should also be resorted to from now and a vigorous anti-rat compaign carried out.

13

Disinfectants.- 13.A liberal supply of disinfectants will be maintained by the special Sanitary Officer.

C o s t.- 14.A lumpsum allotment of Rs.1,000/- may be sanctioned towards contingencies and for wages to conservancy staff.

Offg. Sanitary Commissioner.
